

Become a Senior Design Coach

Coaches have expertise in both business and technology to provide guidance to students during their capstone project. Coaches are provided to each team as a resource during their project releases with the goal of accelerating the team's progress by expanding the students' view of the project.

Coach Duties:

- Offer coaching and mentoring to advocate for the students' success
- Attend weekly meetings with students and sponsors
- Be an impartial 3rd party to help guide these projects to completion

Being a coach for a Senior Design project provides a wonderful opportunity for students and coaches alike.

Sign up to be a coach by filling out the application
